NDDN W56 Hack/Unlock Tool (Windows & MAC) Just today I was reading about this Nddn W56. I would like to share my accomplishment with you! I bought a Nddn W56 for my girlfriend and I wanted to make sure it was not a difficult to unlock the Disc. No longer sure if it is possible. I saw your web site. I think I've done what I could but here is my question. My girlfriend has the same car but her Jap disk doesn't work so I bought her a Nddn W56 to try if it works. I put in my Nddn W56 disk and got to the disk manager and it tells me insert the correct disk. In the NDDN W56 drive (if you still have it), open a file in Notepad, type a bunch of text, and save the file as map.dlst, making sure to name the file "map.dlst" (no spaces), and to save it to the root of the Nddn W56 drive. (I've seen people use a simple folder-directory-structure for this, but I don't know if that's the best way; I just know that this method works.)
