MacPretending to be me. Pretending to be me Post navigation I had a dream a while ago. In my dream I
was at a party. I was with a group of friends, and I overheard two other people talking. The other people
were chatting about a woman who was recently divorced. It was overheard that she had an affair with her
lawyer husband. She was given an ultimatum by her husband. He wanted her to divorce him or he would
accuse her of adultery. She chose to stay with him and thought about divorcing him, but he did not like her
much anymore and treated her so badly. She had tried to keep it a secret but now he knew. She ended up
having to spend the night in a motel. She had to call a friend to take her in because she didn't have enough
money for a hotel room. The friend had a large cat, and he let her borrow the cat so she would not have to
walk home alone. She was very nervous and did not know what to do. ba244e880a
