For all the talk of female empowerment, there's no doubt that in some ways, dating a strong woman can be tough. Being with a strong woman means respecting them, and more importantly, being worthy of their respect. If you're dating a strong woman, you have your work cut out for you. They say, "If you love someone, set them free." So in order to be set free, you have to figure out how to be a good man. And women like strong men. These are the 10 dating tips for a strong woman you have to be prepared for if you want to be a worthy man. 1. You'll have to give up your bullshit. There's not a strong woman on the planet who is going to date you because you're all chivalrous and respectful, so you have to

shift your attitude. You're going to have to be ready to walk the long road of a difficult relationship. You'll have to be willing to address her need for space. You'll have to be ready to listen and respect her as an equal partner, and not just a submissive sex toy. You have to be able to be a man first, and she'll see right through you if you're not. 2. You'll have to put her needs ahead of yours. If you have some grand, romantic plan in mind, you may want to rethink it. Yes, she's going to expect the same kind of commitment and respect from you that you're expecting from her, but you have to make sure that she wants what's best for her. That means making sure that the relationship is something she wants on her own. You'll have to be ready to listen to her and consider her input and opinions, as the heart of a strong woman knows her own mind, body and heart better than anyone else in the world. 3. You'll have to respect her world. Not everyone can handle

strong women, and you may be in for a rude awakening if you think you're going to just kick down her walls and walk on through. She's either going to fight to keep you out of her home or she's going 3e33713323
