PPC Campaign Builder is the only all-in-one solution that will save you a lot of time and will help you to automate the setup of your Google AdWords campaigns. How to Get Started? Step #1 – Choose a New Product First thing you need to do is to choose the product you want to use. There are various features available and they all have their pros and cons. Read this article to find out which product suits you the best. Step #2 – Download PPC Campaign Builder Once you've chosen the right tool for your needs, you need to download it from the App Store for iOS devices and the Google Play Store for Android devices. Step #3 – Set Up PPC Campaign Builder Account Once you've successfully installed PPC Campaign Builder,

you need to create an account on the app. There is a login screen on the app after installation which will ask you to set up your email and password. Follow the on-screen prompts to complete the registration process. Step #4 – Create AdWords Account As the title of this step suggests, you need to create an AdWords account to use PPC Campaign Builder. Don't worry, the entire process is really easy and quick. When you successfully finish this step, the app will display a message indicating your AdWords account was successfully created. Step #5 – Launch Campaign Builder Once you're done creating your AdWords account, you can move on to the next step by launching the app. Step #6 – Set Campaign Settings This is one of the most important steps in the PPC Campaign Builder process. Here you need to decide

which feature you want to use. You can use multiple features, but only one at a time. So, you need to decide which of them will work best for you. Step #7 – Set Campaign Criteria This step requires you to decide which criteria you want your AdWords campaign to be based on. Let's say you want to target users who browse online games. You need to specify this in the criteria of your AdWords campaign. Step #8 – Set AdWords Campaign Settings In this step, you need to choose the keywords you want to target. There are different ways to set your keywords, and this step shows you how. Step #9 – Launch Campaign Builder Once you're
