But in every generation, there is a figure whose hateful actions make him a symbol for the forces of light and chaos. This book is about that character: the Clown Prince of Crime, the Batman of crime. The Joker in comics has evolved over the decades, but the actor who has played him has remained consistent. For over sixty years, the Joker has embodied a spirit of pure evil—and he’s never been as popular as he is now.” “The Joker: The Ultimate Edition” contains The Joker’s greatest hits, including his best-known villains and his most memorable moments as a character. In addition to nearly one hundred years of classic stories, including the classic stories of the Batman character, it contains the first part of the never-before-seen The Joker/Batman saga “Bane: A Death in the Family,”
