The Witcher is one of the most anticipated games of the fall season. In the latest trailer for the game, a stunning twist at the end makes it clear that this game is nothing like what fans have been used to from the Witcher games. A post shared by The Witcher (@thewitchergame) on Oct 4, 2018 at 7:56am PDT The Witcher is a free and open-world role-playing video game that was developed and published by CD Projekt RED. The game is set in the fictional universe of the same name, a medieval fantasy world in Northern Europe. Set in a series of open world quests and side quests, players can explore areas freely in an open world setting. During the game, players will make their way through several towns and cities, and complete quests that involve fighting monsters, stealing items, and slaying monsters. The player will be able to interact with other characters, and can negotiate with them. CD Projekt RED has released a two-minute gameplay trailer for The Witcher, released at Gamescom 2018. 1d6a3396d6
