Template Whether you're hoping to date a, dream of dating a, or just wanna sneak out a secret love note, there is a dating app for that. But as more and more couples use online dating apps, it's now become increasingly clear that some members of the app community might

not be all they seem to be. So what can you do to protect yourself from being duped, duped, or just duped? Read on to discover a few tips, but most importantly, know that whether you use a dating app or not, nobody can guarantee your safety.

Get to know your matches It's always advisable to know as much as you can about your matches as this will help you avoid being stuck on blind dates with someone you have no intention of seeing again. You can:

- Check out their full profile
- Hit on them on the app
- Ask questions that can inform your decision

However, there are still no guarantees. So ensure that you meet your
