Aug 7, 2012 - Hi guys, for some time now my PC Gamepad doesn't work, every time I plug it in ... Here is the model PLATOON-2590 PC ANALOG DUAL SHOCK GAME PAD. Here is the model PLATOON-2590 PC ANALOG. I already have one gamepad, but I had a problem with it, so I think this gamepad is my only option. I didn't want to pay another \$100 for it. Please help me out. Thank you. (Sorry for the spelling and grammar if this isn't correct language) My gamepad only has two buttons, and I don't recognize all the buttons I use. And I don't know how to control the game, so if anyone has any experience, that would be great.
