### System Requirements For Twitch Leecher:

To install this mod you will need to install DMZ Fantasy III, Version 0.0.2a. Make sure that you do not have any other mods installed, that you do not have any mods activated, and that there are no active battle missions. If you have trouble with the installer, use the 'reset transients' option. Why does this mod conflict with others? This is a mod that changes the core file

---

"core.cfg", thus it conflicts with other mods which also change the core.cfg file.
