I will be writing this blog post because I am enjoying a free robux generator and people are telling me about it. Do not trust this site at all and do not give out your personal information to anybody. I even got contacted by the owner himself and can confirm this site is legit and you should take a look at it. This generator is exactly like the paid robux generator I wrote about in my other blog post. In this post, I will explain how this free robux generator works and if it is actually free. This post may contain affiliate links, these don't cost you anything extra but they will give me a small commission of what you spend on the robux generator. I'll give you a full tutorial on how to use it later on this blogpost. For the record: These free robux generators do not work on any page. Just search for 'free robux generator' on Google. If you do not believe me, try one of these free robux generators now! Free Robux Generator #1: Robux Generator The first free robux generator you can use is theRobux generator or basically the 'roblox free robux generator'. I do not know anything about this generator except that it is free. Of course, I searched up reviews about this generator and people talk about lots of great stuff. But I do not believe this generator is actually free because I think this is some kind of scheme to get your personal information and robux out of you. I only recommend this website because it is actually possible to generate robux using this website. You can find this generator in the search bar on the top right of the homepage. Here is a short overview: - You can search for a game you want to play - You will be asked some questions (you can choose who to ask questions to) - You will then be asked to fill out some kind of questionnaire about yourself (and answer some pretty personal questions) - After that, you're asked to watch a video and take a survey (also has lots of really personal questions) - And if everything's going well you'll get the free robux you wanted! Warning: You're not going to get free robux. This will just get your personal information. This is an app and
