First, he should read Amarto Chai (I Want/Wish to Kill/Execute, 2002). The book is not far from a biography, and comes with a photo of Hasina on the front cover. Hasina, like other politicians in Bangladesh, is not above lying. She accused Rentus book as “traitorous”. Hasina had been a member of the Jamaat, and tried to set herself up as the successors of the Jamaat leaders Sheikh Mujibur Rahman and his son Sheikh Hasina Wajed. Rentus book has information that could be used to prove this. Also, the charges that she planned to set up an Islamic state inside Bangladesh were confirmed by her own staff members, as Rentus book shows. However, Hasina’s people accused Rentus book of being an anti-Islamic and “blasphemous” work. The entire show is available on youtube, if you want to see it, or just watch clips of parts of it. Netflix has done movie classics, like Office Space . The problem is, they never seem to offer entire movies, just the best scenes. It is possible that they are still doing this, I just haven't noticed it. Mrtprod2013

Im sure you can understand why people are worried about this. The government has said it will free these war criminals if the BNP comes to power. Im sure the Awami League will once again walk away from the responsibility for the rest of the ruling. Then, what will happen to us, who had stood by the side, watching this carnage happen for six years? Will we be branded as traitors by the Awami League for standing up to the atrocities? There is so much that needs to be told about our history that no one except a few academic and writers would be able to write this book. I hope this book will help create more awareness of Bangladeshis to our terrible national past, the atrocities our personal heroes committed during the war, and help our country move forward so that the peace in our country can be more than just a dream. The authorities may try to discount or underplay the significance of 1971. But the lessons of that year cannot be ignored or erased. We may have learned from other wars in our history, but 1971 was unique because it was a war of liberation against one foreign power. The people of Bangladesh must not allow all the hard fought for lessons of freedom to go to waste, in the interests of the power-grabbing politicians. Another document that shows Hasina and the other leaders of Jamaat Islami party seeking help from these Islamic cultists to oust Sheikh Mujib from the leadership of Bangladesh is the 1971-Exculpatory Records. 1971-Exculpatory Records is a voluminous document that has been the source of all the information since it was first brought to light by the Pakistani Army. The document gives a detailed description of how the leaders of the Jamaat-e-Islami, the Bangladesh Nationalist Party and the Communist Party of Bangladesh sought help from the three groups of cultists for the oust Sheikh Mujib from the command of the Military in 1971. The Jamaat-e-Islami urged the Shams, and the Al Badr for the help. There is a first-hand documentary account called Voh Muhammad: The Final Testimony of the Last Survivors of the 1971 Massacre which contains numerous interviews with the Shams and the Al Badr. A flimsy attempt was made to say that the said two organizations were not involved in the 1971 horrors. However, their finances were found to have been spent on the death of Sheikh Mujib.
