Microsoft Surface Go 2- This is one of the best windows tablets at nearly 300 dollars. This Surface Go 2 provides you right flex to the Apple's iPad Air. It is very light weight and is also light in width. It is actually the handy version of Microsoft's original Surface Pro 6. However its bezels are thick but they do not come in the way of its function.

It is completely portable and the reason why it serves so well. The price of it can go a little higher than 300 dollars but if you can spend a little more, then consider this one as one of the best. Its build is totally solid and the magnesium case looks so classic.

Its specifications are:

It has a 10.5" pixel sense display with sharp and clean visuals.
It has an Intel Pentium Gold 4425Y processor.

Samsung Galaxy Tab A 10.1- As Samsung is one of the oldest competitors in the world of electronic devices, it is best known for its compatibility and affordable prices. This tablet has all the amazing features and is again considered to be the best tablet under \$300 dollars 2020.

This tablet's key features are as:

It comes with Exynos 7870 1.6GHz octa core processor.
This tablet's display is 10.1 inch PLS LCD with 1920*1200 resolutions.
It has 8MP rear and 2MP front camera with 13 hours of battery backup.
It comes with storage of 128 GB and has 2 GB RAM.
It operates on the Android 6.0 Marshmallow system.

Conclusion

All the above-mentioned tablets are the best tablet under \$300 dollars 2020 which comes with all the amazing features that you would want in your tablet. So choose any of these according to your need and get your hands on it now!!
