

Top 7 kooku web series 2022

One of the underestimated OTT platforms is Kooku Web Series. We could have spent the entire day counting the amount of high-quality web series that the Kooku App produces. Here, we highlight the top 10 undervalued **kooku web series** that you should watch.

The Kooku app is popular for its edgy & bold web series. This app's target market is adults 18 and older. You must subscribe to the Kooku app in order to watch any of the web series available because they are all exclusive to paid subscribers.

The cost of the Kooku app subscription is 99 per month. Its yearly plan costs 225 cents. The Kooku app's web series is well-known throughout India and the subcontinent. Since there is a higher need for online series in India, various ott apps have gained popularity.

Simply said, poor marketing is the cause of the lack of popularity. When the web series was scheduled to debut, they didn't succeed in creating the necessary buzz. Thankfully, with time, an audience develops for all those [kooku web series](#).
