## Price Match Guarantee

When booking with [FHC DEALS](#), we want you to be confident that you have found a great deal.

That's why, if you see a lower price (including taxes and fees) for the same flight itinerary offered and available for booking on a Major OTA Competitor's site within twenty-four (24) hours of booking, we will match that lower price by refunding the difference in price

That's our Price Match Guarantee.

The same itinerary means that each and every element of each offer matches;

- 1) airline(s), flight number(s),
- 2) itinerary, date(s), number of customers and seat type.

Which are “Offered and available for booking” means that the itinerary you found is actually live on a Major OTA Competitor’s site and available to be booked by the general public at the time you contact us, as determined by our customer service representatives. For purposes of the Price Match Guarantee, a “Major OTA Competitor” means the U.S. English- language websites of Expedia.com, Orbitz.com, Priceline.com and Travelocity.com.

The Price Match Guarantee does not apply to fares offered on membership program websites, corporate discounts or rates; group, charter, rewards program, incentive, meeting, convention, or consolidator fares; or fares available only by using a coupon or other promotion not offered to the general public. Military, student, government, tour operator, bulk, vacation package or "Web Only" fares are excluded.

The PMP does not apply to “opaque” tickets (where the airline booking details are unknown until after purchase) or tickets issued under a “bidding” or “auction” model. Fare errors are also excluded.
