MORE APPROPRIATE MCI AIRPORT
TRANSPORTATION

Private Airport Transfers are a great way to make your travel experience more enjoyable. They give you the ability to avoid long lines, rush hour traffic, and other hassles that come with public transportation. You can get from point A to point B without having to deal with the stress of public transportation or waiting in line at the airport.

Booking *An MCI Airport Transportation* means having your own private shuttle. A professional chauffeur greets you at the airport, helps with luggage and drops you off at your doorstep. If your flight is late (or early), your driver will wait for you to arrive!

CAN I AFFORD AN AIRPORT TRANSFER?

Yes, you can. In fact, Airport Transfers are generally cheaper than public transportation or taxis. If you are not a single traveler, however, the savings may not be substantial since they depend on the number of passengers in your party. But even if you do save some money, the convenience and comfort of having your own personal driver will far outweigh the small savings difference.

With Airport Transfers you won't have to worry about lugging luggage onto shuttle buses or metro trains and trying to figure out which exit to get off at. Our drivers will get you exactly where you need to be. And we're here 24 hours a day to accommodate any schedule changes you might need as well!

HOW DOES AN AIRPORT TRANSFER WORK?

To ensure you get the best service and price, we recommend booking at least a day in advance. As we plan ahead, we are able to offer better prices than our competitors who might not be able to predict their arrivals as well as we can. This same policy applies to last-minute cancellations; if we have already committed our vehicle and driver to another job, there is unfortunately nothing we can do.

Your peace of mind is important to us. We want you to know that with us there are no hidden costs or extra charges, ever. Our drivers are experienced, licensed professionals and they're friendly and helpful. Your trip with us is fully insured.
